JARED Andrus

Civil No.: 2:23-cv-69-HSO-BWR

Case #

Versus - Forrest County jail.

On ground of civil action or dismissed of case.

I JARED ANDRUS... am writting the circuit court's of Hattiesburg M.S.. In regard's of how the kitchen is in some series vialations of failing to comply with the medical staff's order on double portions for underweight inmates like my self and for serving food that is days old and that taste like soap. The medical staff has told me that Forrest County jail has theire own paid ~~staff~~ dietitians from the out side for any of the medical's staff help pertaining to food portions and nutritional needs for inmates. The food is also served cold 90% of the time. Sevefal of the decet collectional officers and the trustees have ~~told~~ told me about these violation's as well and nothing is being done. I have seen kitchen inmates washing pots outside with a hose were there are dead rat skeltons. I was on schedule for double portions from the medical staff for over 2 week's before ever getting the collect amount of portion and nutritional needs from the kitchen staff. And now I am now getting black foam dead man trays instead of 2 full state trays. By dce process my rights where violated. This should have been and/or should be ground's for a civil and/or fedital suit, with dismissed of pending case.

Sincerely Submitted.
